

11th February 2025

Proposed Curraglass Wind Farm

Dear Householder,

I hope this letter finds you well.

I wish to update you on the Curraglass Wind Farm proposal. The project Environmental Consultants, MKO, continue their preparation for a planning permission application for the proposed 3 no. turbines at the site of the original windfarm, and are ready for a Public Information Exhibition (PIE) about the proposal.

The PIE will be hosted in the Béal Átha'n Ghaorthaidh GAA Clubhouse, on Wednesday 26th of February from 5:00 pm to 8:30 pm. Information about the proposed development will be on display and members of the project team, along with myself, will be present to answer any queries. See overleaf a copy of the advertisement which will appear in the next edition of the Southern Star to inform the wider community of this event.

Everyone is welcome to attend the exhibition, however, there is no obligation. All information on display on the day will also be uploaded to the project website for public viewing, www.curraglassinfo.com. If you cannot attend the PIE and have difficulty accessing the information on the project website, please contact me and I will assist you.

Thank you for taking the time to read this letter and as always if you have any queries regarding the proposed development, please feel free to contact me by email at curraglassclo@turnkeydev.com, by phone 086-0841815, or through the 'Contact' portal on the project website.

Yours sincerely,

James Crowley
